Appendix 7 – Test Plan

Test Item name:		Test Plan owner:					
Test outputs:		Test outputs:					
Test Activity		Test Conditions		Test objectives		Record ID	Pass

- Commented [AS91001]:** The name of the equipment being tested.
- Commented [91A2]:** E.g., customer specification, design document
- Commented [91A3]:** E.g., for an electrical test the outputs would be the electrical parameters measured
- Commented [AS91004]:** Write in the names of test activities
- Commented [AS91005]:** For control of condition in which
- Commented [AS91007]:** Write in the objectives of the test
- Commented [AS91008]:** Write in parameter to be evaluated from design requirements.
- Commented [AS910010]:** Write in the name and ID of record where measured values are entered.
- Commented [AS91009]:** Write in the design acceptance level.
- Commented [AS91006]:** Write in the name of detailed test
